1.

The Oregon Medical Board (Board) is the state agency responsible for licensing, regulating and disciplining certain health care providers, including physicians, in the state of Oregon. Stuart Gordon Weisberg, MD (Licensee) is a licensed physician in the state of Oregon.

2.

Licensee and the Board entered into a Stipulated Order on May 31, 2006, which included terms and conditions of probation. On August 1, 2008, Licensee successfully completed the Physicians Education Renewal Program (PEER), and was in compliance with the terms of the Stipulated Order. The Board opened additional investigations on the Licensee in April of 2007 and May of 2008. The Board asked Licensee to undergo an evaluation by the Physician Assessment and Clinical Education Program (PACE) located in San Diego, California and asked that he complete their recommended intensive training program. On April 24, 2009, Licensee successfully completed a 40-hour intensive training program in psychiatry designed for him by the PACE.

The Board now terminates the Stipulated Order, dated May 31, 2006, and enters into an agreement with Licensee that Licensee will satisfy the following conditions:

3.1 Licensee will practice with the benefit of a practice mentor pre-approved by the Board's Medical Director. Licensee will meet with this mentor at least twice a month to conduct chart review and to discuss ongoing patient care issues.

1 3.2 The practice mentor will provide the Board with quarterly written reports.

2 3.3 Licensee's practice location is subject to no-notice compliance visits by a Board
3 designee.

4 3.4 Evidence of violation of the terms of this agreement will be grounds for discipline
5 pursuant to ORS 677.190(18).

9 Order does not constitute Board discipline and is not reportable to the National Practitioner
